InfoTrust FOUNDATION

EXECUTIVE SUMMARY

A year of remarkable generosity

2025 was a year of remarkable generosity, global collaboration, and meaningful action. Across continents and cultures, the InfoTrust Foundation mobilized hundreds of volunteer hours, expanded its network of partners, and delivered essential support to families and communities experiencing hardship and vulnerability.

Together, these achievements underscore a collective belief that generosity, when paired with structure, intention, and collaboration, can transform lives on a global scale.

THIS YEAR, THE FOUNDATION

Nine milestones that defined 2025

Donated over $219,388.00 in total contributions across programs and regions

Served communities across the 5 countries: United States, Philippines, Canada, Tanzania, Uganda

Reached over 7,000+ beneficiaries across all initiatives

Invested $34,338.00 into Basket Brigade and assisted over **7,000+** people

Partnered with 19 organizations across the globe to expand our educational, humanitarian, and community impact

Expanded strategic partnerships with Room to Read, Humans for Education, Shared Harvest Foodbank, and others

Responded swiftly to global humanitarian needs, particularly in regions facing natural disasters

Strengthened volunteer engagement across multiple InfoTrust offices in the U.S., Europe, and Asia

Was recognized as one of Cincinnati Business Courier's **Top 25 Most Generous Companies**

OUR MISSION & STRATEGIC FOCUS

Our mission is to transform generosity into measurable, lasting impact, after all *“Our Success is Someone Else's Miracle”*

2025 YEAR IN REVIEW

Key Highlights

Education Partnerships Expanded

Expanded partnerships with organizations that promote Education for Children such as Room to Read, Humans for Education, The Baobab Home, and FIRST Robotics.

Humanitarian Programs Strengthened

InfoTrust Foundation provided disaster relief support to the City of Cebu, Philippines during the 2025 Earthquake and Typhoon events.

Corporate Recognition

InfoTrust Foundation was recognized as one of the Top 25 Most Generous Companies by the Cincinnati Business Courier.

$34,338.00

Basket Brigade

InfoTrust Foundation donated and delivered food baskets, gift cards, and essentials across multiple regions.

$14,472

Fundraising Achievements

Team members raised $6,386; InfoTrust LLC matched with an additional $8,086, supporting Room to Read, Humans for Education, and Everlasting Hope.

STRATEGIC PILLAR 01

01 Healthcare

Investing in cutting-edge biomedical research and ensuring every child—regardless of economic circumstance—has access to essential care.

- **Innovation**
- **Healthcare Support for Children in Poverty**

InfoTrust FOUNDATION

HEALTHCARE

Innovation

Healthcare innovation is one of the most forward-looking pillars of the InfoTrust Foundation's mission. In 2025, we strengthened this commitment through major investments in cutting-edge biomedical research that has the potential to redefine the future of human health. This work spans two transformational areas:

STRUCTURAL

Curing congenital heart defects (CHD) through our partnership with HeartWorks, a nonprofit accelerating breakthrough therapies and collaborative scientific research.

CELLULAR

Understanding and potentially reversing the biological mechanisms of aging through support of the David A. Sinclair Laboratory at Harvard Medical School, a world leader in longevity genetics and epigenetic science.

$100K

Contributed in 2025 to advance this critical work.

Together, these initiatives reflect our belief that supporting visionary scientific research today can lead to life-changing health solutions tomorrow.

HEALTHCARE · INNOVATION · PROGRAM

HeartWorks: Transforming the Future of Congenital Heart Defect Research

Congenital heart defects remain the most common birth anomalies worldwide. While medical advances have improved survival rates, many patients still face lifelong challenges. HeartWorks is working to change this reality by accelerating scientific breakthroughs that could one day make curative treatments possible.

THE FOUNDATION HELPS STRENGTHEN

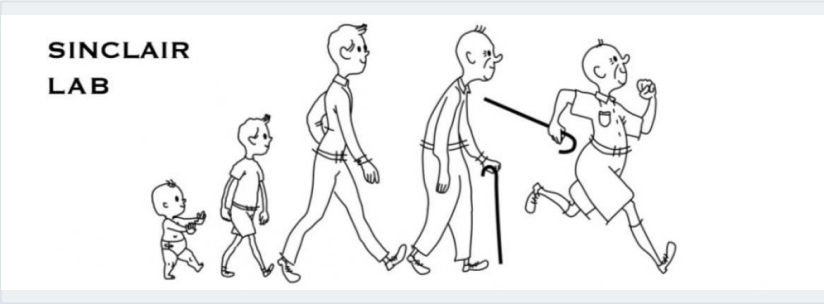
- Innovative cardiac regeneration research, including cell-based therapies that may improve heart function or enable the growth of new cardiac tissue.
- Collaborative biomedical development, uniting scientists, clinicians, engineers, and families to push forward multidisciplinary solutions.
- Acceleration of discoveries into clinical research, enabling promising technologies to move from the lab toward testing in real-world settings.
- Family-centered research engagement, ensuring that patient voices help shape priorities and outcomes.

A bold mission to eliminate the long-term burden of congenital heart disease.

HeartWorks' bold mission - to eliminate the long-term burden of congenital heart disease - aligns directly with our focus on funding research capable of widespread, generational impact.

HEALTHCARE · INNOVATION · PROGRAM

Harvard Medical School – Sinclair Laboratory: Pioneering the Science of Aging & Longevity



To complement our support of cardiac innovation, the Foundation also invested in the David Sinclair Laboratory at Harvard Medical School, part of the Paul F. Glenn Center for Biology of Aging Research.

The Sinclair Lab's work is reshaping the scientific understanding of why we age and how age-related decline might one day be slowed, prevented, or reversed.

OUR SUPPORT HELPS ADVANCE

- Epigenetic aging research, uncovering how cellular "information loss" contributes to aging and disease.
- Longevity science and molecular pathway discovery, including NAD+ biology, sirtuins, DNA repair mechanisms, and cellular resilience.
- Technologies and models that may improve early detection and prevention of chronic diseases such as cardiovascular disease, neurodegeneration, diabetes, and cancer.
- Translational insights that could inform future therapeutic development aimed at extending human healthspan - the number of years lived in good health.

This research has the potential to shift the global healthcare paradigm from treating disease to preserving health.

WHY IT MATTERS

The InfoTrust Foundation's investment in HeartWorks and the Sinclair Lab represents a long-term strategy to support scientific breakthroughs with the potential to:

- Improve - and in some cases save - millions of lives
- Reduce global health inequities
- Advance the understanding of human biology
- Create pathways to future therapies and technologies
- Benefit generations to come

By funding pioneering research at both the structural and cellular levels, the Foundation is helping to accelerate discoveries with extraordinarily broad implications for global health. Our commitment signals a belief in innovation as a force multiplier.

IMPACT

Unlike traditional philanthropic programs, the impact of healthcare innovation research **cannot be measured in simple metrics**. Its reach is *exponential* and touches *all of humanity*.

Breakthroughs in congenital heart defect treatment and aging biology do not improve single moments in time - they alter the future of medicine itself, and may benefit **millions of people across generations**.

This is impact at the scale of mankind - and its value is immeasurable.

HEALTHCARE

Healthcare Support for Children in Poverty

Ensuring that every child has access to essential healthcare, regardless of economic circumstances, is one of the most urgent and compassionate priorities of the InfoTrust Foundation. Around the world, children living in poverty face preventable illness, untreated medical conditions, nutritional deficiencies, and life-threatening diseases, not because cures or treatments don't exist, but because access remains unequal.

$31,099

Directed in 2025 to organizations working at the frontlines of pediatric health equity, supporting children battling cancer, bleeding disorders, malnutrition, and chronic illness.

TRI-STATE Bleeding Disorder FOUNDATION

Everlasting Hope Childhood Cancer Mission PH

Cincinnati Children's™

vitamin angels®

LEUKEMIA & LYMPHOMA SOCIETY®

Vitamin Angels

COMBATING MALNUTRITION & PREVENTABLE ILLNESS

Vitamin Angels provides life-changing micronutrient support to pregnant women, infants, and children in underserved communities globally. *Our support helps ensure*: access to vitamin A, prenatal supplements, and essential micronutrients; improved maternal and infant health; and reduced risk of preventable childhood illness. This partnership lays the foundation for lifelong wellness.

Everlasting Hope

SUPPORTING CHILDREN FIGHTING CANCER IN THE PHILIPPINES

Everlasting Hope serves children with cancer in Cebu, most from deeply impoverished backgrounds. *The Foundation's contributions help provide*: medication and treatment support; nutritional assistance during chemotherapy; safe lodging, transport, and hospital navigation; and psychosocial and emotional support for children and caregivers. Here, healthcare is not only medical - it is dignity, compassion, and survival.

Leukemia & Lymphoma Society

ADVANCING PEDIATRIC CANCER RESEARCH & SUPPORT

The Leukemia & Lymphoma Society (LLS) funds groundbreaking research while supporting families navigating childhood blood cancers. *Our partnership helps*: drive pediatric cancer research forward; increase access to treatments and clinical trials; provide education, financial aid, and patient services; and support families throughout every stage of diagnosis and care. LLS ensures that no family faces cancer alone.

HEALTHCARE · PROGRAMS

Tri-State Bleeding Disorder Foundation

SUPPORTING FAMILIES WITH CHRONIC MEDICAL NEEDS

Children with hemophilia and other bleeding disorders require lifelong, specialized, and often costly treatment. *Foundation support helps the Tri-State Bleeding Disorder Foundation*: provide emergency financial assistance; supply essential medical resources; support education, advocacy, and community programs; and connect families with vetted specialists. This partnership ensures continuity of care for children with chronic medical needs.

Cincinnati Children's Hospital

ADVANCING CARE FOR VULNERABLE CHILDREN LOCALLY AND GLOBALLY

Cincinnati Children's, one of the top-ranked pediatric hospitals in the world, provides advanced care for children regardless of their financial or social circumstances. *Through our support, the Foundation helps strengthen*: access to specialized pediatric care for families facing economic hardship; groundbreaking research targeting rare and complex childhood diseases; community health programs serving underserved neighborhoods in Greater Cincinnati; and family-centered services during treatment.

A CORE BELIEF OF THE FOUNDATION

Every child, everywhere, deserves the chance to grow, heal, and thrive.

WHY IT MATTERS

Children living in poverty are disproportionately affected by illness, not because their conditions are different, but because their access to care is limited. By investing $31,099, the Foundation helps create pathways to:

- Early diagnosis and intervention
- Access to life-saving treatment
- Emotional, logistical, and financial support
- Healthier, more hopeful futures for vulnerable children

Every child, everywhere, deserves the chance to grow, heal, and thrive.

IMPACT

When a child receives life-saving cancer treatment, when a mother gains access to essential prenatal nutrients, when a family finds support for a chronic medical condition, the effects ripple across a lifetime. The true impact is measured in:

Healthier Births

Renewed hope during illness

Reduced suffering

Emotional stability for parents

The possibility of a full and vibrant future

By supporting organizations that address the most urgent pediatric health needs, the InfoTrust Foundation helps break cycles of poverty, illness, and inequality in ways that affect entire communities and future generations.

STRATEGIC PILLAR 02

02

Better education for all students

— Education Access & Youth Empowerment

InfoTrust FOUNDATION

BETTER EDUCATION

Education Access & Youth Empowerment

Education is one of the most powerful pathways out of poverty and one of the greatest investments society can make in its future. The InfoTrust Foundation believes that every child, regardless of socioeconomic background, geography, or circumstance, deserves access to quality education, meaningful opportunities, and a supportive learning environment.

In 2025, the Foundation contributed $35,400 to organizations dedicated to empowering students, enriching academic experiences, and expanding educational equity across diverse communities.

$29,664

Contributed in 2025 to empower students, enrich academic experiences, and expand educational equity.

- **Cincinnati Public Schools**
- **Boys & Girls Clubs of Greater Cincinnati**
- **FIRST Robotics League**
- **University of Cincinnati**
- **Room to Read**

Cincinnati Public Schools

SUPPORTING LOCAL STUDENTS & CLASSROOMS

Cincinnati Public Schools (CPS) serves some of the region's most diverse and economically challenged student populations. *Our support helps CPS*: provide classroom resources and enrichment activities; bridge opportunity gaps for low-income students; strengthen academic and after-school programming; and enhance environments where students feel safe, supported, and valued.

Boys & Girls Clubs of Greater Cincinnati

SAFE SPACES FOR GROWTH, LEARNING & LEADERSHIP

The Boys & Girls Clubs offer after-school and summer programs providing academic support, mentorship, meals, and character-building experiences. *The Foundation's contributions support*: homework help and literacy programs; STEM and creative learning opportunities; healthy meals served daily; and positive role models, mentorship, and leadership development.

Room to Read

ADVANCING GLOBAL LITERACY & GIRLS' EDUCATION

Room to Read is a global leader in improving literacy rates and advancing gender equality in education across low-income countries. *Our support helps Room to Read*: establish early-grade literacy programs; train teachers in effective reading instruction; provide culturally relevant books and classroom materials; and empower girls with life skills, mentorship, and continued education.

The University of Cincinnati

EXPANDING ACCESS TO HIGHER EDUCATION

Through our partnership with the University of Cincinnati, the Foundation helps create pathways for students to access advanced learning, research opportunities, and future careers. *Our contributions support*: scholarships and student assistance programs; access to technology and academic resources; programs encouraging underrepresented students to pursue STEM fields; and initiatives that connect classroom learning with real-world experience.

FIRST Robotics League

INSPIRING THE NEXT GENERATION OF INNOVATORS

FIRST Robotics transforms the way students view science, engineering, and problem-solving. *Our investment supports*: robotics kits, materials, and technology; engineering mentoring and team coaches; tournament entry fees and travel; and hands-on experiences that cultivate creativity, resilience, teamwork, and leadership. Many participants go on to pursue careers in engineering, technology, and research.

Every child deserves the chance to learn, explore, grow, and realize their full potential. Education changes lives.

WHY IT MATTERS

By investing $29,664 in organizations that champion literacy, mentorship, STEM education, college access, and youth development, the InfoTrust Foundation supports the belief that every child deserves the chance to learn, explore, grow, and realize their full potential.

Education changes lives. We are committed to helping change as many as possible.

IMPACT

A child who receives strong early literacy instruction is more likely to succeed academically. A teen who finds safety and mentorship at the Boys & Girls Club is more likely to graduate. A young adult who gains access to robotics, engineering programs, or university-level resources sees pathways open that once felt out of reach. The true impact lives in:

- **Increased confidence**
- **Expanded opportunity**
- **The discovery of new talents**
- **Belief in a brighter future**

Education does more than teach-it transforms. It reshapes the trajectory of a child's life and strengthens entire communities.

STRATEGIC PILLAR 03

03 Ending Poverty

- Hunger Relief
- Global Humanitarian Assistance
- Community Volunteering

InfoTrust FOUNDATION

ENDING POVERTY

Hunger Relief

Poverty is not just a lack of financial resources - it is a barrier to opportunity, stability, health, and dignity. The InfoTrust Foundation is committed to supporting organizations that fight poverty from multiple angles: food security, community support, education, housing, and pathways to self-sufficiency.

$22,625

Contributed in 2025 to organizations working tirelessly to lift individuals and families out of poverty, providing meals, shelter, employment support, educational access, and essential services.

- World Central Kitchen
- Shared Harvest Food Bank
- Jewish Community Services
- St. George Russian Orthodox Church
- Humans for Education
- Hamilton County DDS
- Connections for the Homeless
- Baobab Home

World Central Kitchen

FEEDING COMMUNITIES IN CRISIS

World Central Kitchen (WCK) delivers meals to people affected by natural disasters, conflict, and economic hardship. Their teams are often among the first to arrive and the last to leave. *Support from the Foundation helps WCK*: provide emergency meals after disasters; support families facing food insecurity; and build resilient food systems in underserved communities.

Shared Harvest Food Bank

FIGHTING HUNGER ACROSS SOUTHWEST OHIO

Shared Harvest Food Bank serves thousands of families experiencing food insecurity. They are a critical lifeline for children, seniors, and working families who struggle to put food on the table. *Our support provides*: fresh and shelf-stable groceries; support for local pantries and community distribution; and meals delivered directly to homebound individuals.

Jewish Community Services

A SAFETY NET FOR FAMILIES IN NEED

Jewish Community Services provides vital assistance to families facing financial hardship, health challenges, hunger, and instability. *Foundation contributions support*: emergency financial aid; food and household essentials; and case management and community support programs.

St. George Russian Orthodox Church

COMMUNITY-BASED COMPASSION

St. George Russian Orthodox Church helps immigrant, refugee, and low-income families through direct aid programs that reflect deep compassion and cultural understanding. *Our support helps fund:* food and clothing distributions; aid for newly arrived families; and outreach and community care initiatives.

Humans for Education

BREAKING POVERTY THROUGH SCHOOL EMPOWERMENT

Humans for Education partners with schools in underserved communities to create long-term, sustainable solutions that lift families out of poverty. *Foundation support helps them:* build school-based businesses that generate income; provide meals for students; and improve sanitation, health, and education outcomes.

Hamilton County Developmental Disabilities Services

INCLUSION AND INDEPENDENCE

Hamilton County DDS supports individuals with developmental disabilities by providing services that build independence, inclusion, and opportunity. *Our contributions help support:* employment programs; community participation initiatives; and family support services.

Connections for the Homeless

SHELTER, STABILITY & PATHWAYS FORWARD

Connections for the Homeless provides housing, essential resources, and long-term support to individuals and families experiencing homelessness. *Our partnership strengthens*: emergency shelter; food, clothing, and essential care; and employment readiness and case management.

Baobab Home

SUPPORTING CHILDREN & FAMILIES IN TANZANIA

Baobab Home supports vulnerable children and families in Bagamoyo, Tanzania, through education, nutrition, health programs, and community outreach. *Foundation support helps*: provide schooling and tutoring; deliver nutrition programs; and support children affected by poverty or illness.

WHY IT MATTERS

Ending poverty is not only a moral responsibility - it is fundamental to building stronger, healthier, and more resilient societies. When families have stable housing, reliable food sources, access to education, and support networks, everything changes:

1. **Children Can Learn and Thrive.** Poverty is one of the greatest barriers to educational success. Removing it gives children the chance to focus, learn, and build a future.
2. **Communities Become Healthier and Safer.** People with stable resources experience better physical and mental health, reducing strain on community systems.
3. **Economic Mobility Increases.** Access to basic needs allows individuals to pursue employment, skill-building, and long-term financial stability.
4. **Families Break Generational Cycles.** When one generation is supported, the benefits extend to future generations in ways that reshape entire communities.
5. **Dignity and Hope Are Restored.** Poverty is often isolating and demoralizing. Support provides people with the dignity and confidence needed to rebuild their lives. Everyone deserves the chance to live with security, hope, and opportunity.

IMPACT

Not measured solely in statistics – but in stability regained, hope restored, and futures rebuilt.

Every meal, every safe night of shelter, every child supported, and every opportunity opened creates a ripple effect that can change the trajectory of an entire family. The InfoTrust Foundation's 2025 investments helped create:

- **Food security during moments of crisis**
- **Safe housing and emergency shelter**
- **Educational and economic opportunities**
- **Pathways to long-term stability**
- **Emotional and social support systems**

This work strengthens individuals, families, and entire communities.

Global Humanitarian Assistance

The InfoTrust Foundation's Global Humanitarian Assistance initiative is designed to expand the organization's philanthropic impact beyond the United States. A key component of this program involves partnering with established local non-profits, such as Everlasting Hope in the Philippines, to deliver targeted support.

The initiative's primary focus areas include funding critical infrastructure projects and providing immediate disaster relief to vulnerable communities. Through this program, the foundation swiftly mobilizes funds and resources to assist regions, such as Cebu, during natural disasters, including the 2025 earthquake and typhoon events. Additionally, the program addresses global humanitarian and medical emergencies by investing in sustainable utility access and building rehabilitative "Safe Havens" for impoverished families.

INFRASTRUCTURE

Funding critical projects & sustainable utilities

DISASTER RELIEF

Immediate aid for vulnerable communities

SAFE HAVENS

Rehabilitative homes for impoverished families

GLOBAL HUMANITARIAN ASSISTANCE

The BAYANIHAN Project

The BAYANIHAN Project was a major initiative designed to create a "Safe Haven" and rehabilitation center for families supported by Everlasting Hope in Cebu, Philippines.

FUNDING

The InfoTrust Foundation fully funded this project. The funding strategy utilized money raised during the employee Fundraising Initiative, with the Foundation covering the remaining balance. A check for **$7,000** was sent to Everlasting Hope to execute this project.

EMPLOYEE ENGAGEMENT

The project also served as a hands-on volunteering opportunity. The Cebu team visited the site to participate in the project activities as part of the "Month of Volunteering" initiative.

IMPACT

The project targeted specific families in need, identifying households with 4 to 5 members each (such as the families of Jenilyn Rasola and Princess Kheanna Lauron) to receive support.

GLOBAL HUMANITARIAN ASSISTANCE

Infrastructure Support: Solar Panel Initiative

This project focused on upgrading the facilities at Everlasting Hope to ensure sustainable utility access.

The Pivot — The Foundation originally planned to fund a deep well water system, but the organization was unable to secure the necessary permits for the well.

New Solution — Consequently, the project pivoted to fully funding a Solar Panel system instead.

$2,500 Allocated to cover the cost of this solar energy infrastructure.

Disaster Relief: Earthquake & Typhoon

The Foundation mobilized funds to provide immediate aid following natural disasters in the Philippines, addressing the impact of typhoons and earthquakes on the Cebu region.

Typhoon (Tino / Kalmaegi & Uwan / Fung-wong) — Following the November 2025 typhoon, the Foundation held emergency meetings to assess the impact; relief was coordinated swiftly, with the second storm less devastating than anticipated.

Earthquake Relief — Following an earthquake in northern Cebu, the Foundation allocated funds for local relief efforts.

General Support — The Foundation committed monetary donations of $1,000 each to Everlasting Hope and Operation Blessing following Thanksgiving week.

PROGRAM

Increasing Digital Presence: New Website

This project was a "pro bono" initiative that utilized a monetary donation to upgrade Everlasting Hope's digital presence.

Execution — The Foundation covered the cost for a complete website redesign to help the organization better communicate its mission.

Vendor — The work was performed by the vendor Ideas and Pixels. The Foundation donated money to cover the cost of the new website development.

WHY IT MATTERS

The Global Humanitarian Assistance initiatives are crucial because they extend the organization's reach beyond the United States to fulfill its core mission. By partnering with local organizations like Everlasting Hope, the Foundation provides a lifeline to deeply impoverished communities, ensuring vulnerable populations receive dignity, compassion, and the resources necessary for survival.

Furthermore, these global projects serve as a vital mechanism for rebuilding organizational culture and fostering connection among InfoTrust employees worldwide. They model entrepreneurship as a "force for good," ensuring that essential, high-impact infrastructure projects that might otherwise go unfunded receive necessary financial backing.

IMPACT

The impact extends beyond immediate financial donations, resulting in significant global humanitarian support and critical infrastructure development. Key measurable impacts include:

Securing Sustainable Infrastructure

By fully funding the $7,000 BAYANIHAN Project and allocating $2,500 for the Solar Panel Initiative, the Foundation established a sustainable "Safe Haven" and reliable utilities for households in need.

Immediate Disaster Response

The Foundation demonstrated agility by swiftly mobilizing funds and resources to support the Cebu region during the 2025 Earthquake and Typhoon events, ensuring rapid distribution of emergency aid.

Global Workforce Engagement

The Cebu team directly participated in hands-on construction during the "Month of Volunteering," while global teams drove the Fundraising Initiative to cover remaining project balances.

Enhanced Digital Presence

By financing a complete website redesign, the Foundation equipped Everlasting Hope with the tools to better communicate its mission and reach future donors and beneficiaries.

COMMUNITY VOLUNTEERING

Community Volunteering

Community volunteering at the InfoTrust Foundation is strategically designed to serve as a dual-purpose mechanism for delivering social impact while simultaneously rebuilding organizational culture. The initiative emphasizes fostering social connections among team members outside of a traditional work setting, shifting the focus from purely recreational "Quarterly Fun Activities" to purpose-driven "In-Service Events."

To execute this vision globally, the Foundation relies on designated "Community Champions" across various hub locations and remote regions to organize local activities and rally employee participation, ensuring the values of the organization are lived out through tangible service.

THE FLAGSHIP & THE FUTURE

A central pillar is the flagship "A Month of Volunteering," typically scheduled in September, encouraging company-wide participation in service activities.

Looking ahead, plans for 2026 include piloting a regular monthly volunteering program, initially launching in Cincinnati, to normalize philanthropy as a consistent rhythm of company life through family-friendly, after-hours activities.

A Month of Volunteering

One of InfoTrust's Core Values is **Contribute With Passion** .

Volunteering stands as a cornerstone of community development and social cohesion. When individuals come together to lend their time and skills for the greater good, they contribute to a powerful force that fosters positive change, nurtures relationships, and enhances the overall well-being of the community.

Fundraising

The Fundraising initiative seeks to strengthen the InfoTrust Foundation by providing essential resources and support, enabling the foundation to continue advancing initiatives in Health Care Innovation, Improved Education for All Students, and the Fight to End Poverty.

By uniting the power of the community, the foundation aims to raise funds that will ensure the ongoing success of programs that are transforming lives and communities worldwide.

WHY IT MATTERS

These initiatives serve as the primary mechanisms for rebuilding organizational culture, fulfilling the organization's "Vivid Vision," and enabling tangible global impact through employee-led action.

Rebuilding Organizational Culture & Connection

The "Month of Volunteering" was explicitly identified by the team as a positive step toward rebuilding culture—performing community service while fostering social connection and team bonding through shared experiences.

Modeling Entrepreneurship as a "Force for Good"

Central to the Foundation's Vivid Vision 2025, fundraising models how entrepreneurship can make a positive social impact—encouraging employees to design and execute their own fundraising concepts.

Delivering Tangible Financial & Infrastructural Impact

Funds raised fully funded the BAYANIHAN Project and a Solar Panel system, and delivered a $3,400 donation to Room to Read—amplified by InfoTrust LLC's matching commitment.

Ensuring Inclusivity & Representation

Remote teams (grouped by regions like Dubai, Canada, and Europe) are allocated budgets to vote on charitable organizations, and the winning team selects the beneficiary of the Foundation's official donation.

IMPACT

A Month of Volunteering

81 EMPLOYEES

171.5 HOURS

30 ORGANIZATIONS

The initiative mobilized engagement across Cincinnati, Chicago, Cebu, Manila, Dubai, and Toronto—through park cleanups, food bank operations, and packing events—and was identified as a positive step toward rebuilding organizational culture.

Fundraising

The initiative raised **$6,386** (winning team contributing $1,700), bolstered by an InfoTrust LLC match of **$8,086**. Targeted donations:

$3,400 Room to Read — literacy & education

$5,000 Humans for Education — five women entrepreneurs

$7,000 Everlasting Hope — the BAYANIHAN Project

SIGNATURE INITIATIVE

Basket Brigade

$34,338
DONATED IN 2025

7,000+
INDIVIDUALS FED

The Basket Brigade initiative is a signature InfoTrust Foundation community effort focused on addressing food insecurity and supporting families during the holiday season. What began as a local effort has grown into a company-wide initiative that reaches communities across all regions where InfoTrust employees work, extending the Foundation's impact well beyond Cincinnati.

Beyond financial support, Basket Brigade reflects the people-first culture at the heart of InfoTrust. Hosting a packing party allows the team to come together in a meaningful way—building camaraderie, strengthening connections, and reinforcing shared purpose—while welcoming families, friends, and children to participate.

Together, the financial contributions, volunteer involvement, and shared experiences that define Basket Brigade demonstrate how collective action can deliver measurable results while strengthening the culture and values that drive InfoTrust forward.

DONOR & PARTNER RECOGNITION

A force for good — built by our community

As we close a milestone year marked by our largest Basket Brigade to date and significant global infrastructure projects, we extend our deepest gratitude to the community that makes the InfoTrust Foundation a "force for good." Your contributions, whether financial, physical, or strategic, have directly impacted lives from Cincinnati to Cebu.

THE FOUNDATION OF OUR IMPACT

InfoTrust LLC

Our sincere appreciation to InfoTrust LLC and its leadership for their unwavering commitment to integrating corporate philanthropy into business operations. Your financial backing is the engine that drives every initiative we undertake.

THE HEART OF OUR MISSION

InfoTrust Employees

To the InfoTrust team members, our "Community Champions," thank you for giving your time, sweat equity, and creativity. You have proven that our culture is built on action.

THE HANDS OF CHANGE · OUR PARTNERS

We recognize the incredible organizations that allow us to extend our reach. Thank you for your tireless work on the front lines.

Ann & Robert H. Lurie Children's Hospital of Chicago

A leading pediatric hospital advancing children's health through innovative clinical care, research, and education.

Boys & Girls Clubs of Greater Cincinnati

Empowering young people to reach their full potential through safe, supportive environments after school and during the summer.

Cincinnati Children's Hospital Medical Center

A globally recognized leader in pediatric healthcare, research, and medical education.

Cincinnati Public Schools

Serving a diverse student population through academic programs and community partnerships, committed to educational equity.

Connections for the Homeless

Working to prevent and end homelessness by providing housing, healthcare, and employment support.

Everlasting Hope

Providing life-changing support to vulnerable communities through healthcare, education, and economic empowerment.

FIRST®

Inspiring young people to pursue science, technology, engineering, and math through hands-on robotics programs.

GivenGain

A nonprofit fundraising platform connecting donors, nonprofits, and campaigns globally to amplify social impact.

Hamilton County Developmental Disabilities Services

Supporting individuals with developmental disabilities through programs that promote independence, inclusion, and quality of life.

Harvard Medical School Research Program: Friends of Sinclair

Supporting groundbreaking biomedical research at Harvard focused on aging and regenerative medicine.

HealthNetwork Foundation

Connecting uninsured individuals with specialty medical care through a network of volunteer providers.

HEARTWORKS Foundation

Funding research and initiatives that improve outcomes for children with congenital heart conditions.

Humans for Education

Expanding access to education for underserved children through schools, scholarships, and learning resources.

Jewish Community Services

Providing compassionate support through counseling, employment assistance, and social services.

Leukemia & Lymphoma Society

Funding lifesaving blood cancer research and providing support to patients and families.

Operation Blessing

Delivering humanitarian aid through disaster relief, hunger relief, and medical outreach programs.

Operation Blessing Philippines

Providing disaster response, food assistance, and community development programs.

Room to Read

Advancing literacy and gender equality in education by developing schools, libraries, and learning programs.

Shared Harvest Foodbank

Alleviating hunger by distributing food to families and individuals, promoting food security across the region.

St. George Russian Orthodox Church

Serving its community through spiritual guidance, charitable outreach, and cultural preservation.

The Baobab Home

Providing a safe, nurturing environment for children who have experienced trauma or abandonment.

Tri-State Bleeding Disorder Foundation

Supporting individuals and families affected by bleeding disorders through education, advocacy, and community programs.

University of Cincinnati Foundation

Advancing education and research by supporting scholarships, faculty initiatives, and academic innovation.

Vitamin Angels

Improving maternal and child health by delivering vital nutrition to underserved populations worldwide.

World Central Kitchen

Providing fresh meals to communities impacted by crises and disasters around the world.

Touching lives across the United States, the Philippines, and beyond — exceeding over $219,388.00 in total donations.

THE HUMAN STORY BEHIND OUR GIVING

Stories of Impact

This section serves as a living archive of the InfoTrust Foundation's most transformative collaborations. It moves beyond simple donation metrics to tell the human story behind our giving—highlighting how our strategic partnerships have resulted in tangible infrastructure, educational opportunities, and critical humanitarian relief, leveraging financial resources, employee volunteerism, and corporate expertise to solve specific community challenges.

STORIES OF IMPACT · EVERLASTING HOPE

Bayanihan Project

Everlasting Hope
Childhood Cancer Mission

WHAT THE PROJECT IS ABOUT

A major initiative focused on providing safe and comfortable homes for cancer patients undergoing treatment and recovery. Part of the Family Support Program, it is designed to reduce the emotional and financial burden on patients and families, particularly those from low-income families or remote areas in Cebu, Philippines. Key objectives: **Housing**, a **Healing Environment** , and **Family Support**.

HOW INFOTRUST HELPED

The Foundation fully funded the project by sending a check for **$7,000** to Everlasting Hope. The funds were sourced from an employee Fundraising Initiative, with the Foundation covering the remaining balance. The Cebu team also participated in hands-on activities at the site as part of the "Month of Volunteering" initiative.

WHAT IS THE IMPACT

Targeted families included the households of Jenilyn Rasola, Princess Kheanna Lauron, Ian Troy Lipaopao, Princess Sophia Sortones, and Zhanaya Mae Estomago.

Expanded Living Space — bathroom, kitchen, and dining area inside the house.

Sanitation & Hygiene — a private, sanitary indoor bathroom, safer at night.

Comfort & Privacy — a larger bedroom for the single mother and her four children.

Improved Kitchen — a sink and room to cook indoors with a butane stove.

Better Ventilation — four jalousie windows brightening the home.

STORIES OF IMPACT · HUMANS FOR EDUCATION

Young Women's Program

WHAT THE PROJECT IS ABOUT

A one-year vocational skills initiative by Humans for Education with the Narok Vocational Training Centre in Narok County, Kenya. It supports **12 young single mothers** from three rural Maasai communities (Ngoswani, Memorutis, and Olkinyei) in Hairdressing, Fashion Design, and Food & Beverage Service—through three semesters, a 3-month industrial attachment (Sep–Nov 2026), and graduation in December 2026.

HOW INFOTRUST HELPED

A **$5,000 donation** directly supported the mothers' participation and well-being, covering full scholarships for 5 of the 12 students: tuition fees; training materials; tools and equipment; uniforms and learning resources; personal living essentials; and transportation support for travel home each semester.

WHAT IS THE IMPACT

All 12 students successfully completed the first semester with improved confidence, strong practical skills, excellent attendance, and strong peer-support groups.

Graduates will be equipped to start micro-businesses or gain employment, serve as role models, and improve family well-being. Each graduate is expected to impact an estimated 8–11 dependents.

The cohort of 12 may positively transform 96–132 lives.

STORIES OF IMPACT · THE BAOBAB HOME

Student Sponsorship — Rukhaiya, Gift, and Mudrick

WHAT THE PROJECT IS ABOUT

Steven Tito Academy (STA) is an English medium primary school in Bagamoyo, Tanzania, which began in 2012 as a program of The Baobab Home. As of 2021 it was at full capacity with **180 students** from Prep to Grade Seven. As a charity school relying solely on donors, STA seeks out talented, gifted students from underprivileged families who would otherwise lack access to an English medium education.

HOW INFOTRUST HELPED

InfoTrust Foundation paid the school fees for **3 students** for the entire year.

WHAT IS THE IMPACT

The monthly sponsorship provides each student with English instruction from qualified teachers; hot, nutritious meals and clean drinking water; school uniforms, stationery, resources, and supplies; and safe transport as required.

Students benefit from a safe learning environment where teachers do not use corporal punishment, focusing instead on teaching ownership and responsibility.

STORIES OF IMPACT · ROOM TO READ

Breaking the cycle of poverty through education

WHAT THE PROJECT IS ABOUT

The InfoTrust Foundation partners with Room to Read, an international non-profit focused on literacy and girls' education. The project ensures primary school students gain fundamental reading and writing skills, while supporting girls as they navigate secondary school—giving them the tools to stay in class and succeed.

$2,500 School-Wide Literacy Learning Packages

$750 Three girls through a full year of secondary education

$150 A full year of literacy programming for three children

$3,400 TOTAL CONTRIBUTION

WHAT IS THE IMPACT

Systemic School Support — an entire school received a comprehensive Literacy Learning Package, from library management manuals and teacher guides to workbooks and posters.

Empowering Young Women — three girls receive a year of secondary school support, including life skills classes, mentoring, uniforms, books, and safe transport.

Foundational Literacy — three children are enrolled in a full year of the Literacy Program, mastering the bedrock of all future learning.

LOOKING AHEAD

2026 Priorities

The InfoTrust Foundation is launching three key initiatives in 2026, aligning with its mission to support communities and foster positive change—reflecting the core value of "Contribute With Passion" and the belief that "Our success is someone else's miracle."

QUARTER 1 · 2026

Shoes 4 the Shoeless

PURPOSE OF THE INITIATIVE

The Foundation is directly addressing Basics for Children in Poverty within our local community. Many families struggle to provide well-fitting, high-quality footwear—a fundamental necessity for a child's health, comfort, and self-esteem. By partnering with Shoes 4 the Shoeless, we aim to:

Eliminate a Critical Barrier — basic footwear to attend school comfortably.

Relieve Financial Stress — lift the burden from families.

Deepen Community Impact — support local students.

Empower Collective Action — a tangible way for every employee to help.

"Good for the Sole: Every Employee Sponsors a Child."

300

Children supported—every Team Member sponsors at least one child ($20 for a pair of shoes and socks).

QUARTER 2 · 2026

A Month of Volunteering

PURPOSE OF THE INITIATIVE

Our commitment to service is deeply rooted in one of our core values: **Contribute With Passion** . Volunteering is more than an activity—it is a cornerstone of community development, social responsibility, and long-term impact. When our employees, partners, and community members contribute their time, skills, and energy, they help create a powerful force for positive change.

Our purpose is simple yet profound: to give back in ways that are intentional, measurable, and human-centered.

GOAL

To cultivate a culture of service that extends beyond a single day or event. We strive to inspire ongoing engagement, encourage employees to connect with causes they care about, and unite our global teams through shared purpose—investing in stronger, more connected, and more resilient communities for the future.

QUARTER 3 · 2026 · BOYS & GIRLS CLUB

Healthy Snack Bag Initiative

PURPOSE OF THE INITIATIVE

During the summer months, many children lose access to the consistent school-based meals they rely on during the academic year. By providing healthy, nutritious snack bags, we support children's well-being, energy levels, and ability to fully engage in the educational and enrichment activities offered by the Boys & Girls Club of Greater Cincinnati. Access to healthy snacks supports focus, emotional regulation, and overall participation in summer learning.

GOAL

To assemble and distribute a large number of healthy snack bags that directly support children attending summer programming. Beyond nourishment, the broader objective is to mobilize InfoTrust employees around a shared act of service, foster team engagement through hands-on volunteering, and demonstrate our ongoing commitment to community-centered giving.

QUARTER 4 · 2026

Basket Brigade

PURPOSE OF THE INITIATIVE

An annual signature giving initiative created to unite our teams in purposeful service while directly supporting families facing hardship. Employees and volunteers assemble and distribute thoughtfully prepared care packages and holiday food baskets—groceries, toiletries, and household necessities. Beyond meeting immediate needs, it creates meaningful human connection and fosters a culture of empathy and service.

GOAL

To provide timely, practical assistance to families during critical times of the year, and to cultivate a lasting spirit of volunteerism within our organization. We aim to reduce barriers for families in need, support local partner organizations, and create a ripple effect of kindness that extends well beyond the event itself.

LETTER FROM THE LEADERS

Alex Yastrebenetsky

CHAIRMAN OF THE BOARD

To our community,

On behalf of the Board of Directors, thank you for supporting the mission of the InfoTrust Foundation. Your partnership enables us to fund organizations and initiatives that strengthen communities, improve health outcomes, and create opportunities for individuals and families in need.

The Board is committed to ensuring that every dollar entrusted to the Foundation is used strategically and responsibly. We are guided by a focus on transparency, accountability, and measurable impact—values that align with the broader InfoTrust culture and the trust you place in us.

Together, we are making a difference that extends well beyond any single contribution. Thank you for making 2025 one of our most impactful years.

— Alex Yastrebenetsky

Dear Friends of the InfoTrust Foundation,

At InfoTrust Foundation, we believe meaningful impact happens when people come together with intention, and when outcomes are clear. In 2025, your generosity enabled the Foundation to support **19 nonprofit organizations** , directing more than **$219,388.00** toward initiatives across our core focus areas, including healthcare, education, hunger relief, and humanitarian support.

Our approach to giving is rooted in thoughtful stewardship and measurable results. We partner with organizations that demonstrate effectiveness and long-term sustainability, ensuring that resources are deployed responsibly and aligned with the needs identified through our impact evaluation.

Thank you for your continued trust and support. We are proud of what we've accomplished together and look forward to building on this impact in the year ahead.

With gratitude, Karina Agabekyan
